no bleed necessary
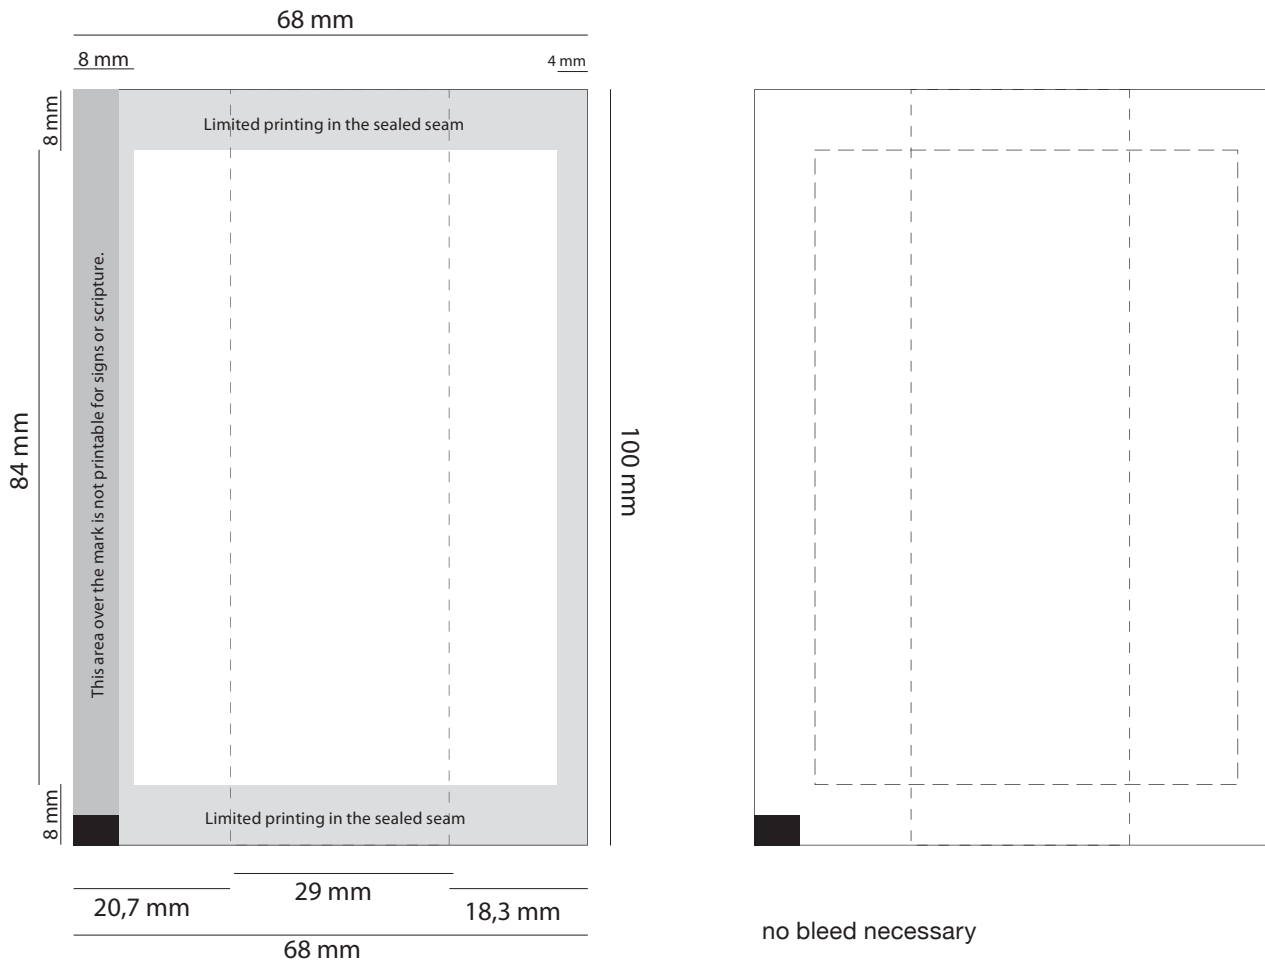

Print data: Adobe Illustrator CS3, pdf-x3 or eps.
Please use a graphic software such as Adobe Illustrator CS3 and include your motive in a scale of 1:1.
Embed pictures (min. 300 dpi). Please define spot colors in Pantone C or HKS K,
for 4-colour European scale in CMYK.
All fonts must be converted into paths, if not please provide the fonts.
Save your data as an eps. or pdf-x3.

Colours
We work with the colour-system of **Pantone C** or **HKS K**.
We use translucent inks (not covering inks) for printing.
Print results may differ depending on the material.
If transparent film are used, the print result can differ significantly from the colour charts.

Producer details
EU-regulation No. 178/2002 requires that on all food, the information about shelf life,
ingredients and producer details must be printed.

The customer or the dealer/agency can define who will be printed as distributor or producer.
